HYDROBIOLOGIA
Volume 428, Nos. 1–3, 15 June 2000

New species of *Rhynchelmis* (Clitellata, Lumbriculidae), with observations on the Nearctic species
S.V. Fend, R.O. Brinkhurst 1–59

Description of a new *Nipergasilus* species (Family: Ergasilidae) from the gills of grey mullet
Hoda H. El-Rashidy, Geoffrey A. Boxshall 61–66

***Ilyocryptus spinifer* Herrick 1882 (Anomopoda, Branchiopoda): a redescription based on North American material and designation of a neotype from Minnesota**
Alexey A. Kotov, Judith L. Williams 67–84

Analysis of the *Ilyocryptus spinifer*-species group (Anomopoda, Branchiopoda), with description of a new species
Alexey A. Kotov, Henri J. Dumont 85–113

Redescription of *Ilyocryptus tuberculatus* Brehm, 1913 (Anomopoda, Branchiopoda)
Alexey A. Kotov 115–128

Divergent life history traits in two closely related species of *Simocephalus* (Cladocera: Daphnidae) inhabiting lentic environments in Venezuela
José V. García, Guido Pereira S 129–133

Estimating cladoceran birth rate: use of the egg age distribution to estimate mortality of ovigerous females and eggs
Vladimir I. Razlutskij 135–144

Chrysophycean stomatocysts in a Caribbean mangrove
Valentí Rull, Teresa Vegas-Vilarrúbia 145–150

***Neomysis integer* in a shallow hypertrophic brackish lake: distribution and predation by three-spined stickleback (*Gasterosteus aculeatus*)**
Martin Søndergaard, Erik Jeppesen, Henning Fjord Aaser 151–159

Periphyton community responses to elevated metal concentrations in a Rocky Mountain stream
B.H. Hill, W.T. Willingham, L.P. Parrish, B.H. McFarland 161–169

Fungal biomass and decomposition in *Spartina maritima* leaves in the Mondego salt marsh (Portugal)
Paula Castro, Helena Freitas 171–177

Vertical distribution and seasonal variation of eelgrass beds in Iwachi Bay, Izu Peninsula, Japan
Fumio Hayashida 179–185

Tides, tidal currents and their effects on the intertidal ecosystem of the southern bay, Inhaca Island, Mozambique
Willem F. de Boer, Lars Rydberg, Victor Saide 187–196

Short Communications

Changes in cell volume of bacteria and heterotrophic nanoflagellates in a hypereutrophic pond
Shin-ichi Nakano, Zen'ichiro Kawabata 197–203

Daily variation of marine cladoceran densities in a tropical bay – Brazil
Andrea Marazzo, Jean L. Valentin 205–208

Book reviews 209–217
